

Welcome to your Training Course!

Class location

- **2nd Fife Scout Hall, Berrylaw Place, Dunfermline, KY12 8AL**
Parking is available opposite the residents' garages at the end of the road.
The Scout hall is located in the adjoining field.
- **What3Words**  <https://w3w.co/sleep.bigger.think>

Our training approach

- We believe in **fun, reward-based learning** — because it works.
Our aim is to help your dog learn how to thrive in our world while still enjoying life as a dog.
We never use or condone intimidation or punishment.
- **Your commitment matters** — attending each class, using your online resources and practising daily will help you and your dog make amazing progress together.

Preparing for class

- A short, calm sniffy walk followed by rest or sleep before class can help your dog feel more comfortable and ready to learn.
- Avoid greeting other dogs before class to prevent them becoming overwhelmed or too excited.
- **Give other dogs and handlers plenty of space**, especially when entering and leaving.
- We aim to start promptly, so please arrive 5–10 minutes early to be ready when we begin.

What to bring each week

- Part of your dog's usual meal (serve the rest at home as normal, so they aren't too hungry or full).
- Several types of food rewards (eg, tiny pieces of cooked meat, cheese and soft commercial 'treats').
- A reward pouch that clips to your waist or fits easily in your pocket.
- Your dog's favourite toy (no squeakers please and balls should have a handle).
- An edible chew or food-filled toy (eg, a bully stick or Kong™).
- A dog towel.
- Water and bowl.
- Your dog! Wearing:
 - a flat collar and walking-length lead
 - a well-fitting harness if they pull (we recommend Perfect Fit or Ruffwear)
 - **No retractable or slip leads, please.**

At class

- Each class lasts **around one hour**, indoors (with some outdoor work when weather allows).
- We provide seating for handlers, a mat for your dog and equipment for training games.
- All family members are welcome to attend and take part.
- Under-16s must be accompanied by an adult.
- If you have children under 8, please bring another adult to supervise, so you can focus on training.
- We ask you to **keep your dog on lead at all times**, unless a trainer advises otherwise.

Important notes

- Please **let us know if you can't attend a class**.
- If you have symptoms of any contagious illness, are awaiting test results, or have been advised to isolate, please **do not attend** and inform us immediately.
- If your dog is in season, unwell or injured, consult your vet and contact us before the session.
- Handlers remain responsible for their dog at all times.
- Don't forget to complete your pre-course online learning, before our first class.
